

Descendants of Giovanni Marchesi.

In Poschiavo, there are two sets of records; those maintained by the Catholic Church, San Vittore Mauro, and those maintained by the civic authority. The church records date back to the 1600's and the civic records are also very old and written in Latin. These are held by the Official Archivist, but those from 1876 are now in the Comune Offices. Church records for San Carlo were maintained at San Vittore until 1915, but are now kept separately at San Carlo Borromeo, San Carlo. The number in front of each name indicates the generation. Several names were recorded in Poschiavo in inventories in 1452 and 1502:- Gervasi, Sassella, Costa, Marchesi, de Muletta, Ferrari, Barga and Paravicini.
